

February 2, 2021

To our Cold Mountain Music Festival family,

After much discernment, we have determined that due to uncertainty around COVID-19 and safe gathering requirements, we will postpone the Cold Mountain Music Festival at Lake Logan until 2022.

Cold Mountain Music Festival is an important fundraising event that supports the ministries of Lake Logan Conference Center and Camp Henry. In addition to providing the opportunity for families and friends to gather at Lake Logan and for great music, food, and family-friendly activities, the Festival provides funds for camper scholarships, programs, and facilities maintenance of the historic property. COVID-19 has caused major financial challenges. If you typically attend or sponsor the Festival, we ask that you consider a donation to Lake Logan Conference Center and/ or Camp Henry this year to help sustain these life changing ministries (lakelogan.org/give).

While we are disappointed that we can't have the Festival in 2021, we are excited to make plans to bring this amazing event back next year. Mark your calendar now for the weekend of Saturday, June 4, 2022.

Faithfully,
The Cold Mountain Music Festival Planning Team
